RE: EMFAC 2014 Update

The California Air Resources Board (ARB) officially released EMFAC2014 to the public on Tuesday, December 30th, 2014. In order to ensure that the upcoming State Implementation Plans (SIP) and motor vehicle emissions budgets are based on the latest local activity data, ARB requested a new data submittal based on the 2015 FSTIP development.

MTC submitted the requested activity data to ARB and has also conducted preliminary runs with EMFAC2014 and will provide initial comments.
